Environmental Technology for Impact

29&30 April 2015, Wageningen, The Netherlands

Provisional Conference Programme

28th April 2015

Welcome drinks & registration

29th April 2015

Registration

Opening by Prof. H.H.M. Rijnaarts, ETE, Wageningen University, The Netherlands

Keynote: Prof. J. Cramer, Utrecht University, The Netherlands

Session 1: Biorecovery

S1-1

S1-2

Session 2: Reusable Water

S2-1

S2-2

Session 3: Urban System Engineering

S3-1

S3-2

Coffeebreak

S1-3

S1-4

closure

S2-3

S2-4

closure

S3-3

S3-4

closure

Lunch & poster sessions

Keynote: Prof. L. Angenent, Cornell University, USA

Using reactor microbiomes to produce chemicals from biomass: medium-chain carboxylic acid oil

Session 4: Biorecovery

S4-1

S4-2

S4-3

Pitches poster Authors

Session 5: Reusable Water

S5-1

S5-2

S5-3

Pitches poster Authors

Session 6: Urban System Engineering

S6-1

S6-2

S6-3

Pitches poster Authors

Coffeebreak

S4-4

S4-5

closure

S5-4

S5-5

closure

S6-4

S6-5

closure

Drinks

Dinner in Wageningse berg

30th April 2015

Keynote: Prof. J.M. Lema, University Santiago de Compostela, Spain

Micropollutants removal in wastewater treatment plants

Coffeebreak

Session 7: Biorecovery

S7-1

S7-2

S7-3

closure

Session 8: Reusable Water

S8-1

S8-2

S8-3

closure

Session 9: Urban System Engineering

S9-1

S9-2

S9-3

closure

Plenary Panel discussion: The magic of interaction between science and industry

Lunch & poster sessions

Keynote: Prof. M.C.M. van Loosdrecht, Delft University of Technology, The Netherlands

Innovating wastewater treatment through academic research

Session 10: Biorecovery

S10-1

S10-2

Pitches poster Authors

Session 11: Reusable Water

S11-1

S11-2

Pitches poster Authors

Session 12: Urban System Engineering

S12-1

S12-2

Pitches poster Authors

Coffeebreak

S10-3

S10-4

Session closure

S11-3

S11-4

Session closure

S12-3

S12-4

Session closure

Drinks + conference closure by prof. C.J.N. Buisman
